

## New PIF Record – Marcel and Sally Schinkel

I am very excited to announce that Darwalla have achieved their first 400+ PIF.

Earlier this month **Marcel and Sally Schinkel** achieved an astounding 403, Darwalla's first PIF above 400. This follows two recent PIF's of 394 by Andrew Rhodes (Waterford) and Matt and Samantha Grima (Gatton 2) so we knew we were close. As Albert promised some time ago Marcel and Sally will be rewarded with a well-deserved holiday to New Zealand.

I rang Marcel as soon as the results were verified. He immediately expressed his gratitude to the entire Darwalla team - 'It takes a team effort to get these results'. He acknowledged that he and Sally were very fortunate to be the first to achieve this milestone but humbly acknowledged the effort over the last few years to provide quality feed, strong day old chicks and great support from the service team and support functions.

This result proves to me that by continuing to build on the efforts and improvements of recent times we are capable of achieving even better results and lifting overall performance. It should give great impetus to these efforts as it confirms that we are on the right track and that we need to stay focused on continuous improvement across the board.

Over the next month or so I plan to visit each site to personally thank each of you for your contribution to this result. It is a milestone for all of us so thank you for your contribution.

**David Greaves**
